83. In compliance with the Rules for Parking Motor Vehicles in the Reserved Parking Spaces and the Underground Parking Lot Rules announced publicly on the website of the Sports Club and at the reception desk, which constitute an integral part of these Rules, the members of the Club shall have the right to use the reserved spaces in the outdoor parking lot situated in front of the FORUM PALACE building, from the side of Upės Street, and the Club Visitors, who have additionally acquired such service, shall have the right to use the underground parking lot as well.
84. The Club shall not provide the protection services for the motor vehicles parked in the parking lots but only provide the visitors with the possibility to leave their motor vehicles in the territory of the Club. Motor vehicles may be left for a period not exceeding the time of the visit at the Sports Club, i.e. not exceeding 6 hours and only during the opening hours of the Sports Club (by 22:30 on working days and by 21:00 on weekends), unless specific exemptions are established in the Rules or by a separate written agreement.
85. One Club Visitor shall have the right to use one underground or reserved outdoor parking space and to park his/her motor vehicle observing the signs of the parking lot so that it would not occupy the neighbouring spaces and would not deprive other visitors of the FORUM PALACE centre of the possibility to park their motor vehicles.
86. The Club Visitor who has parked his/her motor vehicle in a disorderly way (without observing the requirements of the signs of the parking lot, having occupied more than one parking space and/or otherwise obstructing the way for other visitors of the FORUM PALACE centre to park their motor vehicles), the Sports Club shall have the right to impose a fine at the rate of EUR 50. A member of the Sports Club shall have no right to confer the possibility to use the parking lot to any third parties; such right may be conferred exclusively by the Sports Club; in case a member of the Sports Club fails to comply with the aforementioned prohibition, it shall be considered that the motor vehicle has been parked by a person who is not entitled to do this, and the Sports Club shall acquire the right to apply the fee at the rate fixed by the Sports Club for the provided parking services.
87. In case a motor vehicle is left in the underground parking lot for a time period longer than that specified in this paragraph, or if a person who has no such right has parked the motor vehicle, the administration of the Sports Club shall be entitled, without a separate warning, to apply to law enforcement institutions so that they initiate the actions aimed at removing such vehicle from the parking lot, and to apply the fee for the parking of the vehicle as well as to take other measures as well.
88. The persons who park motor vehicles and the parking time of the vehicles shall be recorded by the security workers of the FORUM PALACE Centre using video surveillance as well. **The fee for non-compliance with the timing requirements in the underground parking lot** shall be counted if the vehicle is left at the parking lot after the expiration of the working hours of the Sports Club (i.e. after 22:30) and it shall be calculated according to the following rates: the fee for the parking of the vehicle for a time period from 1 to 24 hours shall be **EUR 50**; up to one week (from 24 hours to 7 days) – **EUR 100**; up to two weeks (from 7 days to 14 days) – **EUR 150**; up to three weeks (from 14 to 21 days) – **EUR 200**; up to one month (from 21 to 31 days) – **EUR 250**. In the event that a motor vehicle is parked for a time period exceeding one month, the whole monthly fee shall be calculated for each new 30-day period (irrespective of whether the whole or only part of this period has expired until the removal of the vehicle). The respective fines charged for the same actions **at the VIP underground parking lot shall amount to 200 %**.
